YMCA MISSION
To put Judeo Christian principles into practice through programs that build healthy spirit, mind and body for all.

‘For all’ is a simple but powerful phrase. But without it, the Y mission is incomplete. At the Y, we strive to understand and value each person’s unique dimensions of diversity and help them overcome barriers to inclusion so they can fully participate in society and reach their potential. Each of us, through our everyday actions, has the power to contribute to a more connected, cohesive world for all.
The Ocean County YMCA has a rich history of service...

1970 – Five volunteers who saw the need for a healthy recreational program in the community founded the Toms River Family YMCA. Our YMCA began out of an office space with approximately 500 members.

1974 – As community needs grew, a Board of thirty supported acquiring land and building a facility with a pool that opened on West Whitty Road.

1983 – Our State-licensed YMCA Before/After School (YKids) programs began in several local schools.

1992 – As our building, pool space, outreach and school based programs grew, we were renamed the Ocean County YMCA.

2001 – The YMCA opened its 12-lane Aquatic Center, which is home to YMCA’s 300-member OCY Tiger Sharks Swim Team, hosts 7 local high school swim teams, and hold several county, regional, and state-wide Championship Meets.
2016 – The Robert Wood Johnson Foundation awards the Ocean County YMCA a 4-year $200,000 grant for the Toms River Family Health and Support Coalition. The YMCA and the Jay and Linda Grunin Foundation serve as Co-Directors of the coalition.

2019 – As part of our commitment to helping members and our community grow stronger, we were excited for the opening of the expansive Family Activity Center. Featuring a dynamic, functional wellness area that was created to maximize opportunities for you, your family and other members to interact with each other through a wide-array of fitness challenges, group exercise classes, and personal and group training. This space is truly unique and the first of its kind in our community.

We have been enhancing the lives of our neighbors for 50 years and will continue to support our community to build an even stronger Ocean County for all!

The Ocean County YMCA is a vibrant and growing movement of 8,000 members united by our promise to strengthen the foundations of community through a shared commitment to nurturing the potential of children, promoting healthy living and fostering a sense of social responsibility.
AQUATICS

“Your kids learned to swim, now its your turn!”, said Jamie Beers, Aquatics Director at the Y. “So many parents take the time to be sure their kids learn to swim, for their safety as well as for their enjoyment; but they don’t take the time to do the same for themselves. Learning to swim, at any age, is great for your body, mind, and spirit!”
