Welcome Summer of 2021!

At the Ocean County YMCA, we make summer safe and fun every day. The Y provides a welcoming environment for campers to express themselves, try new activities, learn new skills, be creative, make lasting friendships and have a great time! Our camp program features an array of traditional games and sports, arts and crafts, outdoor fun, swim lessons, recreational swimming and so much more.

Join us for one week or all summer long. We offer a full day camp experience, for children entering Kindergarten through 8th grade. We follow all state and local standards for health, safety and program quality, governed through the Ocean County Health Department.

While applications are considered and accepted throughout the year, anyone needing financial assistance for summer camp must submit their Y Cares application no later than May 24, 2021.

WEEKLY RATES!

Weekly sessions, with campers grouped by the grade that they will be entering in September 2021.

The program is open to children going into Kindergarten through 8th grade.
